

ALKABRITE OS

OIL RELEASING ALUMINUM CLEANER AND BRIGHTENER

Powerful alkaline cleaner that cuts through dulling oxide layers on aluminum surfaces. Works quickly in 3 to 5 minutes for very effective cleaning and brightening. Releases oils so that spent cleaner can be sewerred. Less harmful than hydrofluoric acid and much safer for personnel and equipment. **Do not use on polished or anodized aluminum or automotive finishes.** When cleaning coils, use carefully on heavy scale or corrosion locations because when removed it may reveal pinholes. **KEEP FROM FREEZING.**

DIRECTIONS

1. Dilute with hot or cold water for use. Apply manually, low or high pressure spray, steam foamer or dip tank.
2. For brightening aluminum –allow the cleaner to remain on the surface for 3 to 5 minutes.
3. Rinse away the loosened soils with water to leave a bright, sparkling clean surface.

General cleaning of average soiling	1-3 oz/gallon
Heavy duty general purpose cleaning	4-6 oz/gallon
Heavy duty cleaning and aluminum brightening	12-16 oz/gallon

FOR INDUSTRIAL USE ONLY

CAUTION: Keep out of the reach of children. Contains caustic. Causes burns of skin and eyes. If contact occurs wash area immediately with water until irritation stops. If irritation persists see a physician. Wear rubber gloves and eye protection when handling. Avoid breathing mist. Wash clothing before reuse.
