

ALU-FINISH

ALKALINE DEGREASER AND ALUMINUM CLEANER

NON BUTYL • SUPER CONCENTRATED • NON ACID • BIODEGRADABLE

Very safe, easy to use formulation that gives excellent 3-way cleaning action with superior results on all painted and aluminum surfaces, also excellent for cleaning concrete surfaces, machinery, and industrial soils. USDA authorized for food contact surfaces in meat, poultry, and egg processing plants.

*****Not for use on zinc, and highly polished or anodized aluminum.*****

DIRECTIONS

Dilute with hot or cold water for use. Apply manually; low or high pressure spray, steam foamer, or automatic drive through system. When brightening aluminum; allow the cleaner to remain on the surface for 3-5 minutes. After cleaning, rinse away loosened soils with low or high pressure water to leave a bright sparkling surface.

Routine cleaning with ALU-FINISH will maintain aluminum surfaces in a clean, bright and shiny condition.

General cleaning of average soiling	1-3 oz. per gallon of water
Heavy duty general purpose cleaning	4-6 oz. per gallon of water
Aluminum brightening and degreasing	8-14 oz. per gallon of water

Store under 140°F and keep from freezing.

FOR INDUSTRIAL USE ONLY

CAUTION: Keep out of the reach of children. Contains highly alkaline builders. Avoid eye and skin contact with the cleaner concentrate. If contact occurs wash area immediately with water until irritation stops, if irritation persists see a physician. Wash contaminated clothing.
