

# ASPHALT RELEASE

- Superior water-soluble asphalt release concentrate that is environmentally safe & completely biodegradable after use.
- Effectively prevents asphalt from sticking to truck beds during transit.
- Superior release for all types of asphalt paving materials.
- Does not effect the bonding of asphalt to paving surfaces.
- Contains no petroleum solvents, fatty acid esters, or other materials that are not allowed in ground waters or sewers.

## DIRECTIONS

1. Dilute with water for use. Dilute (1/32 to 1/42) 3-4 oz/gallon.
2. For best results, apply with a standard self-metering spray system, or foamer.
3. Thoroughly coat truck bed with diluted release prior to loading the asphalt. Do not coat the bed unless it can be loaded immediately.
4. The truck bed must be wet with the release coating before loading.
5. If dry spots appear on the bed before loading, the surface must be recoated with the release or sticking may occur.

## FOR INDUSTRIAL USE ONLY

**CAUTION:** Keep out of the reach of children. Mild eye irritant. Wash from eyes with water until irritation stops. If irritation persists, see a physician. Ingestion causes diarrhea. If ingested in any quantity, see a physician immediately.
