

INDUSTRIAL OVEN & PLANT CLEANER

PREMIUM QUALITY OVEN / EXHAUST HOOD CLEANER

- Commercial strength cleaner that rapidly removes baked on food soils from cold or hot ovens, hoods, & grills. Walls and floors.
- Amazingly effective cleaner that is safe, has low odor, and is free rinsing to leave the surface spotless and sanitary.
- Contains detergents, soil digesters, penetrants, water softeners, corrosion inhibitors, rinse aids soil peptizers & thickeners for superior cleaning.
- Contains no toxic solvents, flammables and amines.
- **Not for use on soft metals, aluminum, zinc, tin, or painted surfaces**

DIRECTIONS

Wear safety goggles or glasses and rubber gloves to prevent eye and skin contact. Apply evenly over the surface to be cleaned with a brush, steel wool, sprayer, scrub pad, or other suitable means. For easy removal of extra heavy soil deposits, rub with steel wool or scrub pad and allow the cleaner to stay on the surface for 10-15 minutes. Warming the oven to 150°-180°F will provide more rapid soil removal. Wipe the dissolved soils from the oven surfaces then thoroughly rinse with potable water to remove all soils residues.

FOR INDUSTRIAL USE ONLY

CAUTION Keep out of the reach of children. Contains strong alkalis and chelates that are very irritating to the eyes and skin. Wear rubber gloves and eye protection when handling the concentrate. If eye or skin contact occurs wash off immediately with water until irritation stops. If irritation persists see a physician. Remove contaminated clothing and wash before reuse.
