

SAFE SOLVE

ORANGE OIL DEGREASER

Super-concentrate containing safe all natural ingredients. Has the grease dissolving power of petroleum solvent blends without their highly toxic and flammable nature. Completely nontoxic and nonflammable when diluted with water. A safe, effective, economical biodegradable replacement for aromatic and chlorinated toxic cleaners and flammable solvents.

DIRECTIONS

NOTE: Long term exposure and/or high concentrations of this product to rubber-based materials and some adhesives may result in permanent damage. In most cases rubber may lose its shape until it has been removed from the solution. It will return to its original shape.

Dilute with water for use. Apply by pressure washer, coarse spray, manually or other suitable methods. Allow the cleaner to remain on the surface 1 to 5 minutes then thoroughly rinse to remove all of the cleaner soil residues.

Industrial machinery, garage floors, chassis and exhaust tracks.....1 / 8
Ship or boat bilge cleaning, office equipment and machine shops.....1 / 4

Will not harm, smut or discolor aluminum. Safe on all metals

ALL PURPOSE CLEANING AND DEGREASING - Dilute 1/40 to 1/128 (always adjust the concentration to rapidly remove all of the soils present).

ULTRASONIC & DIP TANK CLEANING - Hard to clean aluminum and steel engine and transmission parts, carburetors, brake parts, jet engine burner heads and hydraulic systems, use concentrated or for less severe soiling dilute with up to 4 parts water. For greatest efficiency heat the cleaner to 140°F. Rinse clean.

FOAM APPLICATION -- Use up to 1 to 10 in commercial foam generator.

SPRAY ON ENGINE DEGREASING - Use concentrated or cut 1 – 1 with water

FOR INDUSTRIAL USE ONLY

Caution: Keep out of the reach of children. Do not get cleaner in eyes. If accidental contact occurs was from eyes with water until irritation stops. If irritation persists see a physician. If ingested see a physician.
