

SPRAY OFF D

HIGH PRESSURE SPRAY CABINET DEGREASER

- ◆ Powerful alkaline high-pressure degreaser concentrate for use in spray cabinet washers.
- ◆ Very low foaming with a degreaser and penetrating power to remove all types of industrial soils.
- ◆ Allows greasy and oily soils to split out of the cleaning solution so that it can be recycled many times for maximum economy in use.
- ◆ SPRAY OFF D has outstanding cleaning action with excellent streak free rinsing to leave a totally clean surface.
- ◆ Safe on steel, iron and plastics.
- ◆ Complete oil separators with coalescing sections, this cleaner reduces oils to below 15 PPM in less than ½ hour and allows solid soils to precipitate.
- ◆ The oils are recovered for disposal and the clean detergent solution recycled for further pressure cleaning.
- ◆ Upon recycling only a small detergent addition is required to make up for the rinse water dilution of the cleaning solution.
- ◆ Excess cleaning solution that is oil free can be sewerred.
- ◆ SPRAY OFF D is non-toxic, biodegradable and safe on all washable surfaces!!!

DIRECTIONS

1. Dilute cleaner with hot or cold water. The use dilution must be determined for the specific soils being removed. (Follow all machine operating instructions).
2. The dilution will vary with the spray pressure, spray pattern, cleaning cycle, and operating temperature.
3. Usually 1 to 10 ounces per gallon will give superior cleaning on industrial oily soils within 1 to 3 minutes.
4. Recommended cleaning temperature is 100°F to 200°F.
5. Higher temperatures provide lower foam and more rapid cleaning.

FOR INDUSTRIAL USE ONLY

CAUTION: Keep out of the reach of children. Eye irritant. Wash from eyes with water until irritation stops, if it persists see a physician. Ingestion in quantity causes severe diarrhea. If ingested drink lots of water and see a physician immediately. Wash concentrate from hands with water. Wash contaminated clothing before reuse.
