

# TRIPLE X MOLD CLEANER

## USED IN ULTRASONICS

### PREMIUM QUALITY

- Industrial strength cleaner that rapidly removes substances baked on hot/cold molds.
- Amazingly effective cleaner that is safe, has low odor and is free rinsing to leave the surface spotless and sanitary.
- Contains detergents, soil digesters, penetrants, water softeners, corrosion inhibitors, rinse aids, soil peptizers and thickeners for superior cleaning.
- Contains no toxic solvents, flammables, amines or other hazardous ingredients.
- **Not for use on soft metals, aluminum, zinc tin or painted surfaces.**
- Superior results when used in ultrasonic systems, manually or in pre-programmed, high volume automated processing systems.
- Use 1 to 5 parts water.
- After cleaning thoroughly, rinsing with water for a soil free surface.
- For additional rust prevention of cleaned metal surfaces; apply MEC's Oxy Stop Brown for up to 90 day protection. Rust inhibitor need not be removed when mold is put back in process.

#### FOR INDUSTRIAL USE

**CAUTION:** Keep out of the reach of children. Contains strong alkalis and chelates that are very irritating to the eyes and skin. Wear rubber gloves and eye protection when handling the concentrate. If eye or skin contact occurs wash off immediately with water until irritation stops. If irritation persists see a physician. Remove contaminated clothing and wash before reuse.
