MEC DRAIN CLEANER

CAUSTIC POTASH LIQUID OPENER

Highly alkaline, heavy duty, super concentrated liquid drain opener for industrial drains. High density so it pours through standing water to open drains. Rapidly dissolves hair, grease and other organic matter in pipes, disposals and drains. Safe to use on disposals, plastic, steel and cast iron pipes, and porcelain surfaces.

**DANGER**

HANDLE WITH CARE. WEAR PROTECTIVE GLOVES AND GOGGLES WHEN USING.
AVOID SPLASHING INTO EYE, ON SKIN OR CLOTHING

DIRECTIONS: Open container carefully, keep people away from sinks being opened, and do not use a plunger on the sink being opened.

- **CLOGGED DRAIN** - Slowly pour one pint of Drain Cleaner into drain and allow standing for 30-60 min. Repeat if necessary to open drain. After drain has cleared flush with warm water to remove dissolved soils.
- **SLUGGISH DRAINS** - Use 12 ounces of Drain Cleaner and follow directions above.
- **PREVENTATIVE USE** - Add 8 ounces weekly to drain. Allow to stand for 30 min or more, then flush with warm water.

FOR INDUSTRIAL USE ONLY

CAUTION: Keep out of reach of children. Contains caustic potash (potassium hydroxide). Wear protective clothing. Injures eyes and skin on contact. Do not use in drains treated with acid type openers. Do not mix with ammoniated, acid toilet bowl or other cleaning compounds.

EMERGENCY TREATMENT: If cleaner contacts eyes immediately flush with water for 15 minutes and see a physician. Wash from skin with water, then if available rinse with vinegar. Wash contaminated clothing before reuse. If Ingested drink large quantities of water and see a physician immediately.

EMERGENCY PHONE #: 800-424-9300 / Reference Code: MTEQ / Product Code: 042. SHIPPING NAME: Corrosive Liquid NOS (Potassium Hydroxide), Hazard Class: 8, ID# UN1814, PG: II.
